Career Objective

Frontend Developer skilled in building responsive and interactive web applications using HTML, CSS, JavaScript, and React.js. Built multiple projects including a developer portfolio website, a Pokédex app using external API integration, and a Todo application with local storage functionality. Experienced with Tailwind CSS for modern UI design and Git/GitHub for version control. Seeking an opportunity to contribute to real-world products while growing as a React developer.

Technical Skills

- **Web Technologies**: HTML5, CSS3, JavaScript, React.js
- **Frameworks**: Tailwind CSS
- **Tools**: Git, GitHub, VS Code

Education

- **Bachelor of Computer Applications (BCA)**
  Govt. Post Graduate College, Ambala Cantt (KUK University) | 2020 – 2023

Work Experience

Quality Control Agent (Part-time) | Altruist Pt. Ltd. ***Apr 2025 – Jan 2025***

- Checked products and services as per company standards.
- Learned how to follow quality guidelines and improve accuracy.

Tender Executive | Primus Pharmaceuticals ***Oct 2023 – Dec 2024***

- Assisted in preparing tender documents.
- Managed customer queries through email.
- Gained experience in documentation and communication.

PROJECTS

Portfolio Website |React, Tailwind CSS, JavaScript | https://portfolio-ai-eight-jade.vercel.app/

- Built a personal portfolio website using React.js and Tailwind CSS.
- Designed a responsive layout that works on mobile, tablet, and desktop.
- Showcased projects, skills, and contact information in a clean UI.
- Added links to GitHub, LinkedIn, and WhatsApp for easy contact.

PokeDex App | React, Tailwind CSS, Pokémon API | https://pokedex-react-beryl-seven.vercel.app/

- Created a Pokémon viewer using React that shows each Pokémon's image, stats, type, height, and weight.
- Added a **Random Pokémon button** that loads a new Pokémon every time the user clicks it.
- Used React state to update the data on the screen smoothly.
- Styled the whole app with Tailwind CSS to make it clean and responsive.

Todo App — React, Tailwind CSS, Local Storage | https://todo-react-app-tan-omega.vercel.app/

- Built a Todo application where users can add, check, and delete their tasks.
- Stored all tasks in local Storage so the Todo's stay saved even after refreshing or closing the browser.
- Managed all task updates using React state for smooth and fast UI changes.
- Styled the interface with Tailwind CSS to keep it simple and easy to use.
